

# New Database Members Listing

Submitted by: Bonnie Barcus

Our new database is ready to go live for members!!!

To the right is an image of what the general listing will look like on the public site. It is possible to search the list with the options in the "Quick Search" section located above the list of members. You can search by Flock Prefix, Farm Name, a person's name, or by state. It is also possible to use several of these options to do a search. To see a more detailed look at a specific member just click on their name and a new screen will come up. I have included an image of my information below the list of members image so you can see what is displayed when you decide to "Opt Into" being on the Member List. You will notice that my full address, phone number and email address are listed. More on this later in this article. Currently members will only be able to view the area depicted by the images to the right. Members will NOT be able to edit their information at this time.

In the future, when we get further along with the database development, the plan is for members to be able to edit their own information. However, this phase is still a ways out for implementation.

Member information is currently being entered and managed by the Business Office. If anyone wants to make changes please send that information to Bonnie Barcus at [spindanceacres@gmail.com](mailto:spindanceacres@gmail.com).

To the right is an image of the form that is used to manage individuals information. Currently, I fill in and manage this information for each member. The information is based on your membership renewal and/or new membership application.

Members over the years have asked to have phone numbers, email addresses and even physical street addresses not included in their listing on the Members List page of our website. Until now these types of requests by individuals was not easy to do. So the option has been for members to either “Opt Into” or “Opt Out” of being on the Members List page of the Association Website. Now you ALL have options on what you want to appear on the public side of the Members List! You still have the option to “Opt Out of being on the list as well!

We have added four new check boxes to the form that address members concerns about their information. An enlarged image of this section can be found below. The first box, “Include In Web Memb List”, if checked, will include you on the Members List. If you decide to be included in the members list, your name, address. City, state, phone number and email address will be shown on the public

side of the database. BUT IF you DO NOT want some of this information available to the public, you now have the option of one or all of the following: Excluding your 1.) Street Address, 2.) Phone Number, and/or 3.) Email address. I can uncheck any of these three options for individuals that decide to “Opt Into” being on the Members List. Thus if you “Opt Into” being on the list and uncheck all three options, the only information that will be available in the detailed information box will be your Name, City and State of your address. But if you checked the phone number and/or the email checkboxes, this information would be shown on the list.

To the right is an example of my information where I unchecked the street address and phone number check boxes. Notice that only my city and state along with my email address are now displayed on the public site information. These new options have been included on the renewal form for 2022. Please be sure to fill in this section of the renewal form. And as a reminder, membership renewal is coming due January 1<sup>st</sup>.

If you decide to “Opt Out” of being on the Members List, the “Include in Web Memb List” will not be checked. And none of the additional checkboxes will be available to be checked and your name will also NOT appear in the Members List available to the public.

The link for viewing the Member List in the new database is [http://www.n-csa.org/db/p\\_m\\_results.php](http://www.n-csa.org/db/p_m_results.php).

Everyone should take a look at what all is included in this link. There are tabs at the top of the screen that will take you to Pedigrees Home, Members Lists, Animals List, and N-CSA Home. Pedigrees Home currently just has links to the Members List and Animals List pages. N-CSA Home takes you to our N-CSA Website. Any comments should be directed to Bonnie Barcus at [spindanceacres@gmail.com](mailto:spindanceacres@gmail.com) or you can call me at 208-340-6201.

I hope you all like what you see.
